

Expanding Co Housing community in North Dorset (www.thresholdcentre.org.uk) is now looking for single person / couple to fill the last one bed cottage.

Do you want to live somewhere, where you can have your own private space but also have access to shared facilities such as a vegetable garden, courtyard, laundry and a 'common house' which are managed by residents who have consciously committed to living as a community?

'Swallows' is a one bedroomed house that is priced at £52,000.00 for a 40% share, plus rent and service charge. This property is currently being built and is due for completion in January 2010.
